... Here's a question I really want answered. The book, the bell, and the candle. I remember seeing that in Zork as well, but I'm sure the reference is far older. Where is it from?

Yes! It's classically used in magic rituals in stories. I needed a "triad" of artifacts, and felt I could align the 3 objects with my 3 principles easily. And since the triad felt "historical" I selected it. (No one has ever asked that source before. Nice!)
